

## **Living, Breathing Being**

Have you drunk this water  
Have you breathed this air  
Have you walked upon this earth?  
Yes, I have drunk this water  
I have breathed this air  
I have walked upon this earth

Here we have these miracles  
Simple and profound  
Living breathing being  
One in All

You've been given body  
You've been given soul  
You've been given birth  
I've been given body  
I've been given soul  
I've been given birth

See, this is arising  
See, this fades away  
Universe of wonders  
I give thanks for today

Have you felt the tearing  
Of a broken heart  
Overwhelmed by waves of grief?  
Yes, I have felt the tearing  
Of a broken heart  
Overwhelmed by waves of grief

Here we have these learnings  
One in All  
Living breathing being  
Peacefulness within

Have you been in darkness  
Desperate and alone  
Have you felt it all too much?  
Yes, I have been in darkness  
Desperate and alone  
I have felt it all too much

See, this is arising  
See, this fades away  
Mystical and earthly  
I give thanks for it all

Have you heard music  
Have you tasted food  
Have you known a lover's touch?  
Yes, I have heard music  
I have tasted food  
I have known a lover's touch

Here we share these lifetimes  
One in All  
Living, breathing being  
I give thanks for it all.
